Introduction

Reasons for issuing the Standard

- IN 1 This Standard codifies the standards that assurance practitioners are to apply when conducting an assurance engagement in accordance with standards issued by the External Reporting Board or the New Zealand Auditing and Assurance Standards Board.
- IN 2 The appendices to this Standard list the auditing and assurance standards applicable to different assurance engagements.

Objective

1. The objective of this Standard is to codify the standards that assurance practitioners are to apply when conducting an assurance engagement in accordance with standards issued by the External Reporting Board or the New Zealand Auditing and Assurance Standards Board.

Scope

2. This Standard identifies the auditing and assurance standards that shall be applied when conducting different types of assurance engagements in accordance with standards issued by the External Reporting Board or the New Zealand Auditing and Assurance Standards Board.
3. Standards issued by the External Reporting Board or the New Zealand Auditing and Assurance Standards Board may be applied by an assurance practitioner even if there is no statutory requirement to do so. Even when applied voluntarily, all of the applicable standards should be applied to ensure that the assurance engagement is of appropriate quality.

Definitions

4. For the purposes of this Standard the following term has the meaning attributed below:
 - (a) Assurance Practitioner – a person or an organisation, whether in public practice, industry, commerce or the public sector, appointed or engaged to undertake assurance engagements.

Application of Standards

5. Assurance practitioners shall apply the professional and ethical standards listed in Appendix 1 in preparing for and conducting all assurance engagements.
6. Assurance practitioners shall apply International Standards on Auditing (New Zealand) listed in Appendix 2 in conducting audits of historical financial information.
7. Assurance practitioners shall apply Review Engagement Standards listed in Appendix 3 in conducting review engagements.
8. Assurance practitioners shall apply Other Assurance Engagement Standards listed in Appendix 4 in conducting other assurance engagements.
9. Audit Guidance Statements and International Auditing Practice Notes (New Zealand) listed in Appendix 5 are for the guidance of assurance practitioners in relevant circumstances but have no legal status. This non-authoritative material does not impose additional requirements on auditors beyond those included in the International Standards on Auditing (New Zealand), nor do they change the auditor's responsibility to comply with all International Standards on Auditing (New Zealand) relevant to the audit. They provide practical assistance to auditors. Depending on the nature of the topic(s) covered they may assist the auditor in:
 - Obtaining an understanding of the circumstances of the entity, and in making judgements about the identification and assessment of risks of material misstatement;

- Making judgements about how to respond to assessed risks, including judgements about procedures that may be appropriate in the circumstances; or
 - Addressing reporting considerations, including forming an opinion on the financial statements and communicating with those charged with governance.
10. A diagrammatic overview of the auditing and assurance standards and the engagements governed by the standards is included in Appendix 6.

Effective Date

11. This Standard is effective for assurance engagements beginning on or after 1 January 2013.
